IN CASH
FOR LARGEST YIELDS
FROM A
SINGLE BUSHEL

Condition of Competition.

The oats must be purchased in bushel bags fastened with a leaden seal bearing the words "Lincoln Oats." None other are genuine. Each bag will contain a numbered blank which should be preserved until after harvest and threshing of the oats, at which time those desiring to compete for the premiums must fill out these certificates with the necessary information, as to date of sowing, yield, etc.: same to be sworn to before a notary. This certificate must be sent to the parties from whom the oats were purchased so as to reach our hands on or before OCTOBER 15, 1893. The prizes will be awarded by a committee of disinterested gentlemen.

Retail Price, \$2.50 per Bushel, Bag Included.

CAUTION. See that every bag is stenciled "LINCOLN OATS," and is fastened with a LEADEN SEAL, bearing the words, "LINCOLN OATS." DO NOT BUY FROM A BROKEN PACKAGE. The reports from those competing for the prizes must be returned on the numbered blanks that are to be found in each bag.

THE LINCOLN OAT.

THE LINCOLN OAT is offered with the belief that it will prove the most POPULAR OF ANY OAT YET INTRODUCED. After many years' experience in the growth of all the standard and newer varieties the LINCOLN OAT is unhesitatingly pronounced the BEST OAT BEFORE THE AMERICAN PEOPLE.

WHY IT IS THE BEST.

- 1st. The Lincoln Oat has produced one-third more than any other variety grown in the same localities.
- 2d. The Lincoln Oat is very early.
- 3d. The Lincoln Oat has thus far proven itself entirely rust-proof.
- 4th. The Lincoln Oat stands up better than any other sort.

- 5th. The Lincoln Oat is best for feeding on account of its thin hull, heavy meat and soft nib.
 - 6th. The Lincoln Oat is best for Oatmeal or grinding.
- Every enterprising farmer should sow at least a bushel in order to procure seed for next season. Unlike most new Oats, the Lincoln Oat is offered at a price so reasonable as to place it within reach of all.

THE CASH PRIZES.

The large cash prizes offered for the largest yields are made not only with a view to increasing the sale, but of demonstrating what the Lincoln Oat may be made to produce under skillful farming. Such a contest cannot fail to prove interesting and profitable.

Price to the Trade, \$1.20 per Bushel.
